

BRING YOUR OWN TECHNOLOGY

@Taroona High School – Supporting learning anywhere, anytime.

WIRELESS CONNECTIVITY

Wireless connectivity is a vital feature for BYO technology items in schools. Your device should support 2.4Ghz and/or 5Ghz band wireless.

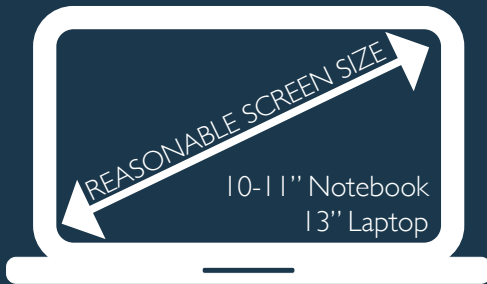

OPERATING SYSTEM

To ensure the latest programs and software are compatible, we recommend the current (or previous) version of any operating system. E.g. iOS 8 for iPads/iPods.

HARDWARE FEATURES :: CAMERA & MICROPHONE

These are necessary to ensure students can participate in 21st century learning activities. A stylus or keyboard may also be useful.

DURABILITY

Tough and sturdy outer casing, and strong keys and inputs.

MEMORY & RAM

16GB Storage :: 2GB RAM
To be able to store and process data effectively, these minimum specifications are recommended.

ACCESSORIES, SOFTWARE + SUPPORT

Software: Windows PC or Macbook. School software is free. Includes Office 365 and Antivirus software.

Support: Student Help Desk to assist with software installation and network connection.

Carry case: a carry case or skin is essential for protecting the device and can provide ergonomic advantages.

Insurance: devices can become lost or be broken easily at school. Make sure your insurance policy covers these eventualities.

Warranty: make sure you consider purchasing extra warranty to reduce future repair costs as these devices will be used extensively.

WEIGHT

Is the device light enough to carry each day?
You will need to bring your device to school every day,

SECURITY

Clearly label your device and accessories (especially power pack) with your full name. Store your device securely, when not in use.

BATTERY LIFE
Minimum 5 hours

You will need to charge your device at home overnight
